

Devoted to the Design, Development,  
& Manufacturing of Custom Machinery

Spunbond  
Melt Blown  
Staple  
Filament

Specializing in the Production of  
Multicomponent Fibers

In-House Mechanical, Electrical,  
and Process Engineering

In-House Pilot Equipment available  
for Product Trials

Computer-aided Technology and  
Testing Available for Assistance  
in Design and Development of New  
Processes

Supplier of Spinning Machine and  
Fiber Production Components

The World Leader In Multicomponent Fiber Extrusion Technology

Hills, Inc. / 7785 Ellis Road/ W. Melbourne, FL 32904 U.S.A. / [www.hillsinc.net](http://www.hillsinc.net) / [sales@hillsinc.net](mailto:sales@hillsinc.net) / p: 1.321.724.2370 / f: 1.321.676.7635
